

**To:** AmeriHealth Caritas Louisiana Providers

**Date:** August 28, 2017

**Subject:** Medical and Pharmacy Processes for Providers Located In or Serving Areas Affected by Severe Weather

**Summary:** Effective August 28, 2017, AmeriHealth Caritas Louisiana has temporarily modified medical and pharmacy processes in order to support members affected by recent severe weather.

**Current prior authorization processes have been temporarily modified in order to support members who may have sustained damage to, or lost essentials like medication and medical supplies or equipment during this week's storm. Therefore effective Monday, August 28, 2017, the following shall apply:**

- No administrative denials will be issued for requests that are received late or after urgent services were supplied in the affected parishes. Medical necessity review will be completed on all new requests.
- We will be accepting authorization requests from non-participating providers, as appropriate, for members residing in the affected parishes.
- No administrative denials will be issued for duplication of services — the requests will be reviewed on a case by case basis to determine if the current provider is no longer able to supply or provide the services. We will cancel the current authorization and provide a new authorization, as appropriate, for those services. Members living in one of the affected parishes – Calcasieu, Cameron, Vermilion, Jefferson Davis, and Beauregard – can utilize a Medicaid enrolled or health plan contracted provider of their choice, if available.
- For replacement equipment that would require prior authorization, a new prescription and medical documentation will not be required if there is a current authorization on file with the health plan.
- All other new prior authorization requests (non-replacement) for equipment, supplies, and medical services will require a prescription from a doctor and documentation to establish medical necessity.

**The above changes are applicable for prior authorizations through Sunday, September 3, 2017.**

**Pharmacy:** Refill-too-soon rejections will be bypassed for affected members. Members can call Pharmacy Services at **1-800-684-5502** for assistance. They are available 24 hours a day, seven days a week.

**The above pharmacy edit is in effect through 11:59 p.m., Sunday, September 3, 2017, in the following affected parishes:**

- Calcasieu.
- Cameron.
- Vermilion.
- Jefferson Davis.
- Beauregard.

**Questions:**

Thank you for your continued support and commitment to the care of our members. If you have questions about this communication, please contact AmeriHealth Caritas Louisiana's Provider Services department at **1-888-922-0007** or your Provider Network Management account executive.
