<p>Can a provider request more than one procedure at a time for a member (i.e., CT of abdomen and CT of thorax)?</p>	<p>Yes. NIA can handle multiple authorization requests per contact. Separate authorization numbers are issued by NIA for each study that is authorized.</p>
<p>What kind of response time can ordering providers expect for prior authorization?</p>	<p>Generally, within 2 business days after receipt of request, a determination will be made. In certain cases, the review process can take longer if additional clinical information is required to make a determination.</p>
<p>What does the NIA authorization number look like?</p>	<p>The NIA authorization number consists of eight or nine alpha-numeric characters. In some cases, the ordering provider may instead receive an NIA tracking number (not the same as an authorization number) if the provider's authorization request is not approved at the time of initial contact. Providers can use either number to track the status of their request online or through an Interactive Voice Response (IVR) telephone system.</p>
<p>If requesting authorization through RADMD and the request pends, what</p>	<p>You will receive a tracking number and NIA will contact you to complete the process.</p>

happens next?	
Can RadMD be used to request an expedited authorization request?	No. Expedited authorization requests will need to be called into NIA's Call Center for processing. The number to call to obtain a prior authorization is 1-800-424-4897 .
What happens if a patient is authorized for a CT of the abdomen, and the radiologist or rendering physician feels an additional study of the thorax is needed?	If the radiologist or rendering provider feels that, in addition to the study already authorized, an additional study is needed, please contact NIA immediately with the appropriate clinical information for an expedited review. The number to call to obtain a prior authorization is 1-800-424-4897 .
Can the rendering facility obtain authorization in the event of an urgent test?	Yes. If an urgent clinical situation exists outside of a hospital emergency room, please contact NIA immediately with the appropriate clinical information for an expedited review. The number to call to obtain a prior authorization is 1-800-424-4897 .
How long is the prior authorization number valid?	The authorization number is valid for 30 days from the date of request. When a procedure is authorized, NIA will use the date of the initial request as the starting point for the 30-day period in which the examination must be completed.
Is prior authorization necessary for an outpatient, advanced imaging service if AmeriHealth Caritas of Louisiana is NOT the member's primary insurance?	Yes
If a provider obtains a prior authorization number does that guarantee payment?	An authorization number is not a guarantee of payment. Authorizations are based on medical necessity and are contingent upon eligibility and benefits. Benefits may be subject to limitations and/or qualifications and will be determined when the claim is received for processing.

<p>Does NIA allow retro- authorizations?</p>	<p>It is important that rendering facility staff be educated on the prior authorization requirements. Beginning June 27, 2014, claims for CT/CTA, MRI/MRA, CCTA, and Nuclear Cardiology/MPI that have <u>not</u> been properly authorized will <u>not</u> be reimbursed. The rendering facility <u>should not</u> schedule procedures without prior authorization.</p>

How can providers check claims status?	Providers should check claims status at the AmeriHealth Caritas of Louisiana website at https://navinet.navimedix.com .
Who should a provider contact if they want to appeal a prior authorization or claims payment denial?	Providers are asked to please follow the appeal instructions given on their non-authorization letter or Explanation of Payment (EOP) notification.
PRIVILEGING	
Where can I direct questions about AmeriHealth Caritas of Louisiana Diagnostic Imaging Provider Assessment Application and/or privileging process?	If providers have any questions regarding the AmeriHealth Caritas of Louisiana Diagnostic Imaging Provider Assessment Application or process, contact NIA's Provider Assessment Department toll-free at 1-888-972-9642 or at RADPrivilege@Magellanhealth.com .
Is NIA able to assist providers with questions specific to accreditation and / or about policies and procedures referenced in the AmeriHealth Caritas of Louisiana Diagnostic Imaging Provider Assessment	Yes. NIA's experienced staff is able to assist providers with questions specific to accreditation and/or policies and procedures referenced in the AmeriHealth Caritas of Louisiana Diagnostic Imaging Provider Assessment Application (e.g. the components of a comprehensive Radiation Safety/ALARA Program). Providers may contact the Provider Assessment Department toll-free at 1-888-972-9642 with any questions.

Application?	
How do I access the AmeriHealth Caritas of Louisiana Diagnostic Imaging Provider Assessment Application?	To access the online application: Direct your Web browser to www.RadMD.com . Click on the link for the Diagnostic Imaging Provider Assessment Application (located under Online Tools). Enter your login in the “Login” box. (If you do not know your login, please contact NIA’s Provider Assessment Department toll-free at 1-888-972-9642).
How user friendly is NIA’s online Diagnostic Imaging privileging application?	<p>NIA offers a very user-friendly online application that can be quickly and easily completed by the user. It is a “smart” application which only will ask you questions that apply directly to your practice, based on the previous responses you provided. For example, if your office offers only MRI services, you will not be asked any questions regarding CT or other imaging modalities.</p> <p>If you need to step away from the computer, you can choose to save the application and return to complete it at a later time. The application will also “auto save” if you forget to save the application before completing and submitting it.</p> <p>If there are changes to the practice information after the initial application has been submitted (e.g. practice obtained an additional piece of equipment or achieved accreditation), you may access your original application online, make the necessary modifications, and submit a revised application. It is important to note that you are able to revise an existing application rather than being forced to complete a whole new application.</p> <p>However, please note that a separate application is required for each practice location.</p>
I have additional practice locations. Do I need to complete additional applications?	A separate application must be completed for each practice location at which diagnostic imaging services are performed. Facilities do not always perform the same imaging services at each of their locations. Imaging equipment can also be different at each site. To ensure we have accurate information for each location we require a separate application be completed for each additional locations. Please contact NIA’s Provider Assessment Department at 1-888-972-9642 to obtain additional login(s). This will allow you to go online to complete an application for each location.
What is the difference between privileging and credentialing?	Privileging is separate and distinct from credentialing. Credentialing places emphasis on primary source verification of a physician’s education, licensure and certification. Privileging focuses on facility accreditation, equipment capabilities, physician and technologist education, training and certification, and facility management components such

	as radiation safety, ALARA (As Low as Reasonably Achievable).
MISCELLANEOUS	
How is medical necessity defined?	<p>NIA defines medical necessity as services that:</p> <ul style="list-style-type: none"> • Meets generally accepted standards of medical practice; be appropriate for the symptoms, consistent with diagnosis, and otherwise in accordance with sufficient evidence and professionally recognized standards. • Be appropriate to the illness or injury for which it is performed as to type of service and expected outcome. • Be appropriate to the intensity of service and level of setting. • Provide unique, essential, and appropriate information when used for diagnostic purposes. • Be the lowest cost alternative that effectively addresses and treats the medical problem; and rendered for the treatment or diagnosis of an injury or illness; and not furnished primarily for the convenience of the member, the attending physician, or other provider.
Where can a provider find NIA’s Guidelines for Clinical Use of Diagnostic Imaging Examinations?	<p>NIA’s Clinical Guidelines can be found on NIA’s website, www.RadMD.com under Online Tools/Clinical Guidelines. NIA’s guidelines for the use of imaging examinations have been developed from practice experience, literature reviews, specialty criteria sets and empirical data. To get started, simply go to www.RadMD.com, click the “New User” button and submit a “RadMD Application for New Account.” Once the application has been processed and password link delivered by NIA via email, you will then be invited to create a new password. Links to the approved training/education documents are found on the “My Practice” page for those providers logged in as “Ordering Physician”. If you are an Imaging Facility or Hospital that performs imaging exams, an administrator must accept responsibility for creating and managing all logins to RadMD. Your RadMD login information should not be shared.</p>
What will the Member ID card look like? Will the ID card have both NIA and AmeriHealth Caritas of Louisiana	<p>The AmeriHealth Caritas of Louisiana Member ID card will not contain any NIA identifying information on it. No additional card will be issued from NIA.</p>

<p>information on it? Or will there be two cards?</p>	
<p>What is an OCR Fax Coversheet?</p>	<p>By utilizing Optical Character Recognition (OCR) technology, NIA can automatically attach incoming clinical faxes to the appropriate case in our clinical system. We strongly recommend that ordering providers print an OCR fax coversheet from www.RadMD.com or contact NIA at 1-888-642-7649 to request an OCR fax coversheet if their authorization request is not approved on-line or during the initial phone call to NIA. NIA can fax this coversheet to the ordering provider during authorization intake or at any time during the review process. By prefacing clinical faxes to NIA with an OCR fax coversheet, the ordering provider can ensure a timely and efficient case review.</p>
