Subject: Sexually Transmitted Infection (STI) Provider Toolkit

Summary: STI Toolkit for Providers is available online.

According to the CDC, Louisiana ranked #1 for Chlamydia cases, #3 for Gonorrhea cases, #9 for Primary and Secondary Syphilis cases and #7 for Congenital Syphilis cases.¹

What do you need to know:

AmeriHealth Caritas Louisiana Quality Department created an *STI Toolkit* as a resource for our providers. The toolkit contains information on STIs, testing, treatment, and ways to discuss sexual health with members. The toolkit also provides additional information on HIV and Syphilis Screening, as those are LDH Performance Improvement Projects for 2024.

The STI Toolkit can be found at the following link:
