**Summary: Provider Enrollment Compliance Implementation (PECI) Portal**

### Provider Enrollment Compliance Implementation (PECI) Portal

Through rebaselining efforts that have generated recent provider enrollment invitations, LDH has, over the last several weeks, sent invitations to providers who had previously not been invited, to enroll in the Peci Portal. As a result of required system logic updates, AmeriHealth Caritas Louisiana has become aware that there may be a small universe of claims that inadvertently required completed provider enrollment, through the LDH Portal, prematurely for these very recently invited providers.

Effective **November 21, 2024**, AmeriHealth Caritas Louisiana has implemented the updated system logic requirements and will recycle all impacted claims for providers who only recently became invited to enroll in the Portal by **December 6, 2024**. **No action needed by providers.**

**Note:** Providers will have the time delays, as indicated by LDH with these recent invitations, before claims would begin to deny, should a provider not enroll timely as outlined by LDH.
